

SURVEYS have been in existence for years but most of these surveys do not pay Nigerians.

How do you get surveys that pays Nigerians?

Well, we have about a bucket full of surveys you can earn from in our class!

What are surveys?

Surveys are inquiries carried out by companies, businesses, organizations etc to help them improve on their products and services and paying the test takers(which is you) a couple of dollars or pounds per question!

What do i need to earn from this?

Since most surveys have more questions for people around UK and US, we provide socks that are worth 25k naira to each and every one of our members to use in other to get more questions and earn more dollars cause there are less questions asked in this part of the world since they do not need our services.

How many surveys can i take in a day?

You can take as many as possible as long as you have your internet active and running.

How much am i paying for the class?

Fortunately for you, it's not expensive! You're paying 51k for the class to get started on your survey journey.

How do i receive my payment?

This is how i receive my payment and the least you can withdraw is \$6 which is what you can earn in a day.

Using paypal, you can connect your grey account or use mine to withdraw your earnings:
