

## **SOCIAL MEDIA MANAGEMENT FOR INTERNATIONAL MODELS**

We are all familiar with chatting but how do we all make money from it?

Well, some have figured out a smart way of making money doing what they love most!

**TALKING TO PEOPLE ONLINE!**

**They're called chatters and how do you become a chatter that earns in dollar?**

It's quite easy! Just like your normal day to day chatting, you're helping models reply their chats. Since the workload is too much for models to handle, they hire chatters to do that for them. Just like everything you need will be provided by the agent employing you from the pictures to the videos you'll be sending to fans.

**How much do i make from this?**

You can make roughly \$2-\$5 per hr plus a percentage commission and bonuses up to \$500 per month on your earning depending on the agent that employed you! Some agents pay in commissions, others pay per hr and some pay per hour+commissions+bonuses. Asides the \$2-\$5 per hour earning, your extra earning depends on how quickly you respond to fans and how smart you are. So, there's no limit.

**How many hours and days can i work for?**

They have diverse working hours but the standard is 6-12 hrs

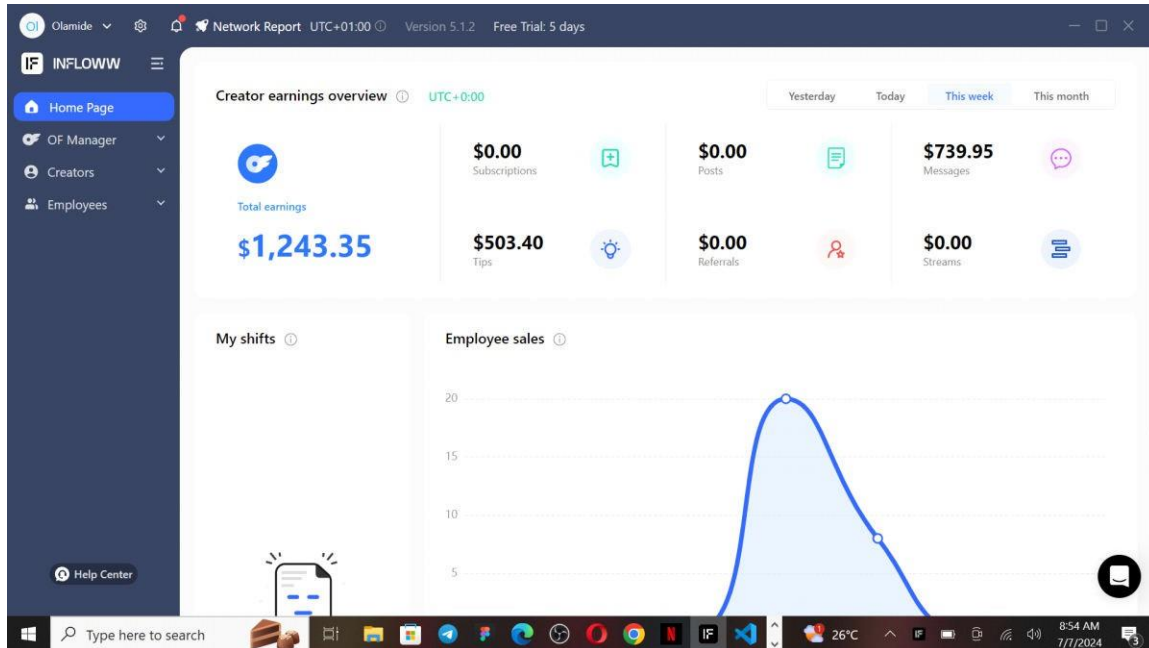

and 6 times a week but in the process of working with an agent, you can request for a shorter time if you don't have enough time to chat. Some have an automatic 6hrs like Only pixy agents.

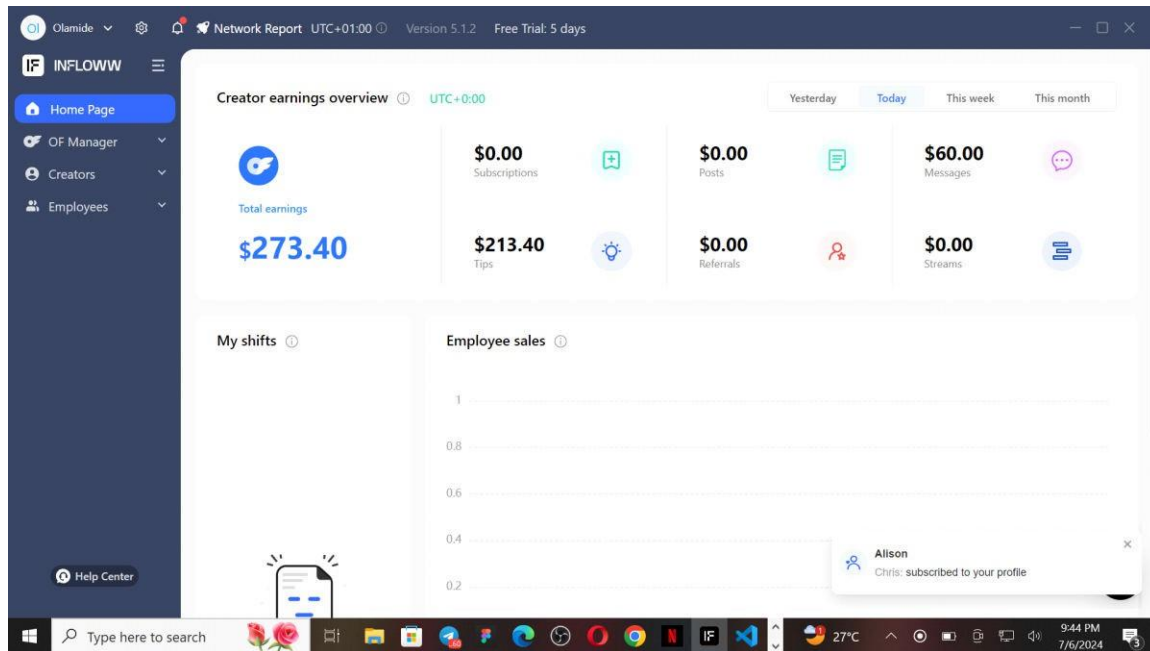

### **How do i get the models to work for?**

Immediately you join our VIP class, you'll be provided an agent and you'll also be given sites where you can get a lot of agents that are looking for chatters 24/7. The agents are in charge of looking for chatters for individual models and you're the one they need.
